Foreword

Dear contributors and supporters,

With joy and satisfaction, we present our activity report for 2023. During this period, we focused our efforts on providing support services for the digitalization of small and medium sized enterprises in the manufacturing and health sectors.

Digital Innovation Zone Association is the ecosystem organization of the **European Digital Innovation Hub**, organized as a non-profit entity with economic activity. The association is based at 3 Verde Street, ground floor, room 1, Iași county, NGO with economic activity (CAEN 6202), having unique registration code 43866222.

With the support of the entire team, we have managed to implement many successful projects and have a significant impact on our target communities. We have provided SMEs and public institutions – health facilities with innovative tools and solutions to help them adapt to current technological challenges and optimize their processes. We have participated in seminars, conferences, working groups organized at national level. We have participated in seminars, conferences and, working groups organized nationally and internationally to develop and subsequently implement transformation in the community in which we operate.

We thank our colleagues for their commitment, team spirit and determination, our partners for their extraordinary support, volunteers for the positive energy and involvement you have given us! We recognize the efforts of each member and we appreciate each of you, because nothing would have been possible without your collaboration. You have been the crucial factor in achieving remarkable results for the purpose and objectives of the digital transformation of the community in which we activate. Of course, the challenges will continue, but now we have the conviction that extraordinary strength comes, in fact, from solidarity, teamwork, positive thinking and community-builder spirit that we have all shown.

Many thanks to the Board members:

President: **Mihaela-Cristina Baghiu**

Vice-Presidents:

- **Marcel-Florin Cardașim**
- **Carmen Petronela Mihai** representative of the North-East Regional Innovative Cluster of Molecular and Structural Imaging IMAGO-MOL
- **Conf. Univ. Dr. Ionuț Nistor** representative of the University of Medicine and Pharmacy "Grigore T. Popa" Iași
- **Conf. univ. dr. ing. Simona Caraiman** representative of "Gheorghe Asachi" Technical University of Iași
- **Delian-George Coroamă**
- **Georgiana-Andreea Dragomir**
- **Lidia Bețoaie**

Cristina Baghiu, Association President

ABOUT US

The European Hub for Digital Innovation, Digital Innovation Zone (DIZ), represents a group of organizations from complementary fields that support with expertise, solutions, programs, and professionals the digital transformation and innovation of small and medium-sized enterprises (SMEs) and hospitals in the North-East region.

Mission Statement

Our role is to support the digitalization of SMEs and public hospitals in the North-East region. We act as a single point of contact and expertise between research and the market, bringing together local know-how, regional technology providers, and the serviced SMEs and hospitals.

Vision

By 2025 we want to increase the level of digitalization of the SMEs in the fields of industrial manufacturing & healthcare (public hospitals) and support innovation in the North-East region.

Goals

- Development of the one-stop-shop concept in the region through support services in the digitalization of companies and public hospitals.
- Functioning as the epicentre of the regional digital innovation ecosystem in the North-East region.
- Supporting regional, interregional and international cooperation and cooperation between research sector – public sector – private sector – universities.
- Transforming the region's workforce into a highly digitized one, suited to the needs of sectors with potential for smart development in the region.

AWARDS AND RECOGNITION OF THE QUALITY OF AMBASSADORS OF DIGITAL TRANSFORMATION

Digital Innovation Zone won the "Prize for the Impact in Community" at the PIN Awards Gala 2023!

Digital Innovation Zone EDIH received the "Digital Ecosystem Excellence" award at the FACTORY 4.0 Digital Excellence Awards & Gala, for our contribution in supporting organizations in the North-East Region on their journey to digital transformation.

In 2023, the **Digital Innovation Zone Association** was the partner of the Iași County Council in the validation phase of the Digital Transformation Strategy of Iași County.

Within the North-East **PR call Digital transformation of SMEs oriented towards increasing digital intensity – session 2023** developed by North-East RDA and World Bank, DIZ was an official partner in the stage of promoting the call by organizing #NeDigitalizam caravans and conducting the Digital Feasibility Study and the audit report.

INVOLVEMENT IN SOCIETY

In the digital era where technology is evolving rapidly, the concept of Digital Innovation has become an essential pillar of progress and development. In this context, the importance of initiatives aimed at supporting digital innovation is clearly outlined, and the **Digital Innovation Zone (DIZ)** represents a dynamic and proactive ecosystem dedicated to accelerating digital transformations.

The year 2023 facilitated, for the **Digital Innovation Zone (DIZ)**, the achievement of the objective to be an epicenter of digital innovation and to transform challenges into opportunities. In a constantly changing technological landscape, **DIZ** has become the new frontier for revolutionary ideas and projects that seek to redefine our ways of life and business.

Throughout the year 2023, DIZ has been the stage for pioneering projects that have redefined the boundaries of digital innovation. From artificial intelligence-based solutions to sustainable technologies, the projects developed within DIZ have highlighted the diversity and depth of digital innovation.

Iași County Council and **Digital Innovation Zone** organized focus groups to define the priorities, needs, and expectations of the entrepreneurial community in various fields of activity (medicine, IT, production) for the development of the Digital Transformation Strategy for Iași County.

Together with our partners, **DIH of Moldova**, **Digital Innovation Zone** organized an online focus group to collect perspectives and validate the Digital Transformation Strategy for Iași County in the context of cross-border collaboration.

Due to the commitment to increase the level of digital literacy, DIZ has implemented innovative educational programs addressed to both technology professionals and the general public. Courses, workshops, and seminars have represented the pillars of an integrated strategy for digital education, shaping the future generation of leaders in innovation.

PROJECTS FINANCED BY NON-REIMBURSABLE FUNDS

1. EDIH-DIZ – MANUFACTURING & SMART HEALTH FOR BETTER BUSINESS, LIFE AND HEALTH IN THE NORTH EAST ROMANIA REGION

Total buget : 3.709.388 EUR

The amount of EU funding through the Digital Europe Programme: 1 854 694.00 EURO

Implementation period: 01.10.2022–30.09.2025

Amount of funding through PCIDIF: 9,059,496.39 LEI

Implementation period: 28.11.2023–30.09.2025

Funded by the Smart Growth, Digitisation and Financial Instruments Programme 2021–2027, through Action 2.4 Digitisation of SMEs through European Digital Innovation Hubs in Romania (EDIH).

Beneficiary: Technical University "Gheorghe Asachi" of Iasi

MySMIS Code: 161826

Project goal:

To ensure a smart, sustainable and coherent digital transformation in the North-East region of Romania through the successful operation and delivery of a complete set of EDIH Digital Innovation Zone [DIZ] services that will have a direct impact, by 2025, in over 100 SMEs and public institutions, active in the manufacturing and health sectors (relevant sectors with growth potential according to the North-East RIS3), will be developed and delivered during the project.

Partners:

- UNIVERSITATEA TEHNICĂ GH. ASACHI IAȘI,
- AGENȚIA DE DEZVOLTARE REGIONALĂ NORD-EST
- ICEBERG PLUS
- GRAPEFRUIT
- UNIVERSITATEA DE MEDICINĂ ȘI FARMACIE GR. T. POPA IAȘI,
- CLUSTERUL REGIONAL INOVATIV DE IMAGISTICA MOLECULARA IMAGO-MOL
- ATELIERUL DE IDEI TRAIN-IC
- DIGITAL INNOVATION ZONE
- STRONGBYTES CONSULTING
- ROMSOFT

2. MERIT – MASTER OF SCIENCE IN SMART, SECURE AND INTERCONNECTED SYSTEMS

Total Budget: 6 246 793.75 EUR, of which DIZ budget 128 400.00 EUR

Implementation period: 01.10.2022–30.09.2026

Partners:

- UNIVERSITAT POLITECNICA DE CATALUNYA;
- VILNIAUS GEDIMINO TECHNIKOS UNIVERSITETAS;
- RIGAS TEHNISKA UNIVERSITATE;
- TALLINNA TEHNIKAÜLIKOOL;
- DIGITAL INNOVATION ZONE;
- FONDAZIONE BRUNO KESSLER;
- ASOINDEL S.L.;
- SAULETEKIO SLENIO MOKSLO IR TECHNOLOGIJU PARKAS;
- FUNDACIO CENTRE D'INNOVACIO I TECNOLOGIA DE LA UPC;
- EXACASTER, UAB.

3. HIZ BY DIZ – EIT HEALTH INNOSTARS RIS DRIVE

Total Buget: 35.775 EUR

Implementation period: 01.04.2023–31.12.2023

Health Innovation Zone (HIZ) is a unique, pre-validation program for innovative healthcare solutions that gives you access to industry experts, mentors, testing facilities and fast track to the international ecosystem. Its objectives are closely aligned with **EIT Health's** action plan and the goals of the **EIT Health Drive**. It is designed to support activities supporting health start-ups in regions with modest and moderate innovation capacity, according to the European Innovation Scoreboard.

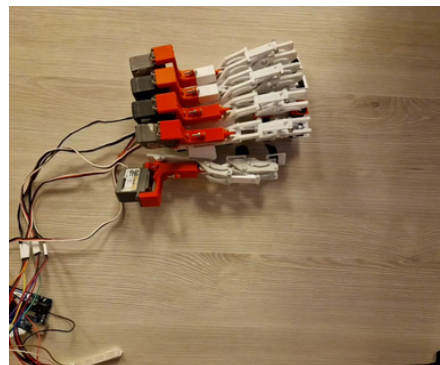

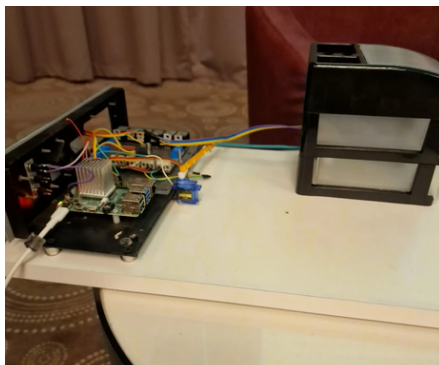

Parteners:

- UNIVERSITATEA TEHNICA GH. ASACHI, IAȘI;
- UNIVERSITATEA DE MEDICINĂ ȘI FARMACIE GR. T. POPA, IAȘI

Achievements:

- 50+ registered participants;
- 15 teams registered;
- 12 teams formed in the program;
- 30+ mentors and experts;
- 5 group workshops in physical format;
- 90+ individual or group meetings with mentors in the program;
- participation of the teams in 4 startup and health events;
- Pitch Day: Pitch Day Health Innovation Zone @Launch Campus was an exciting and high-energy event that brought together 15 teams of young innovators in one place. This event aimed to select and integrate these teams into the Health Innovation Zone program, a revolutionary initiative to pre-validate innovative solutions in the health sector;
- Demo Day: 9 of the 12 teams participating in the program presented prototypes of the health tech solutions they have been working on during the 6 months of the program.

4. DIH2 – OPEN CALL TO BECOME A MEMBER OF THE DIH2 NETWORK MANAGED BY THE DIH2 CONSORTIUM PARTNER EUROPEAN DYNAMICS (ED).

Total Budget: 10.000 EUR

Implementation period: 01.06.2022–30.06.2023

Partners:

- TEKNOLOGIAN TUTKIMUSKESKUS VTT OY;
- VTT Technical Research Centre of Finland Ltd.

5. DIH WORLD 2

Implementation period: 10.10.2022–10.04.2023

Partners:

- Asociación de Empresas Tecnológicas Innovalia (INNOVALIA);
- Katty Fashion SRL.

PROJECTS CARRIED OUT IN PARTNERSHIP

1. PR NORD–EST DIGITAL TRANSFORMATION OF SMES ORIENTED TO INCREASE DIGITAL INTENSITY – 2023 SESSION

Implementation period: 01.11.2023–15.02.2024

Partner: AGENȚIA DE DEZVOLTARE REGIONALĂ NORD–EST

BENEFICIARY STATUS ON 31.12.2023 :

No. of clients offered: **180**

No. of contracted clients: **87**

Total contracted value: **191.200 EUR**

Average value per contract: **2.198 EUR**

Provided services:

A. Digital Feasibility Study: consultancy/analysis services to identify the technical digitalization solutions needed by the SME that involves:

1. Analysis of the technical-economic situation of the SME (implementation locations, authorised fields of activity, current activity and business lines subject to the digitalization project, business model analysis);
2. Economic analysis of the business model by identifying the weight of each activity in the turnover of the reference year;
3. Feasibility analysis of digitalization of one or more authorized activities.
4. Description of the operational structure of the SME;
5. Analysis of the current situation regarding digitalization;
6. Collection, interpretation and validation of information on DESI (Digital Economy & Society Index) indicators at the time of analysis;
7. Proposal for a minimum of 1 digitalization solution, detailing areas of application and beneficiary departments;
8. Support for market study (minimum 2 offers) related to the proposed digitization solutions, through calls for proposals/direct consultation of the database – a catalog of digitalization solution providers curated by Digital Innovation Zone.

B. Technical Audit Report on the Implementation of Solutions from the Digital Feasibility Study and Project, following the requirements of the PR Nord-Est Digital Transformation of SMEs oriented towards increasing digital intensity – session 2023, which involves:

1. Analysis of SME's digitalization situation at the end of project implementation;
2. Collection, interpretation and validation of information regarding the DESI (Digital Economy & Society Index) indicators at the time of analysis, after project implementation.

2. PNRR – I3.3 INFORMATION SYSTEMS IN PUBLIC INSTITUTIONS

Implementation period: 01.08.2023–15.09.2023

PARTNERS:

- UNIVERSITATEA TEHNICĂ GH. ASACHI IAȘI;
- IMAGO-MOL;
- CONSILIUL JUDEȚEAN IAȘI;
- AGENȚIA DE DEZVOLTARE REGIONALĂ NORD-EST

BENEFICIARIES:

- No. of contracted clients: 4;
- Total contracted value per beneficiary: EUR 101,215;
- Value of services provided under PNRR I3.3 contract/beneficiary: EUR 28,200;
- Maximum funding budget per beneficiary EUR 1.000.000.

Name of beneficiaries:

- Institutul de Boli Cardiovasculare “Prof. Dr. George I.M. Georgescu” Iași subordonat Ministerului Sănătății;
- Spitalul Clinic de Obstetrica – Ginecologie „Elena Doamna” din Iași subordonat Consiliul Județean Iași;
- Spitalul Clinic de Boli Infectioase „Sf.Parascheva”Iași subordonat Consiliul Județean Iași;
- Spitalul Clinic de Pneumoftiziologie Iași subordonat Consiliul Județean Iași;

Provided services:

- Needs analysis for the background note;
- Proposal on component C1 – minimum configuration of communication infrastructure;
- Proposal on component C2 – minimum security infrastructure configuration;
- Proposal component C2 – PACS configuration;
- Background note review;
- Review of the funding application in terms of technical requirements (minimum recommended configurations) and consistency with the needs analysis.

CONFERENCES
